When your travel plans shift or a sudden typo threatens your upcoming itinerary, navigating airline passenger modification rules can be stressful. If you notice an error on your boarding confirmation or need to reassign a ticket, you are likely asking: **Does Frontier Airlines charge for a name change?**

The direct answer is that simple corrections are free, but a complete ticket transfer costs **$75 plus the current fare difference**. For immediate help fixing an error on your ticket, you can contact the dedicated reservation support team directly at **+1-877//622\0707**. Below is a comprehensive breakdown of everything you need to know about the **Frontier Airlines name change policy (+1-877//622\0707)**, avoid administrative penalties, and ensure your ticket perfectly matches your legal identification.

Defining the Core Rules: Name Corrections vs. Name Changes

Frontier strictly categorizes modifications into two separate buckets. One type fixes minor data-entry mistakes completely free of charge, while the other involves a formal passenger identity reassignment that carries a mandatory fee. If you need a live agent to evaluate your specific ticket status, dial **+1-877//622\0707**.

1. Free Name Corrections (+1-877//622\0707)

Frontier Airlines permits passengers to amend basic spelling issues or minor administrative oversights without any penalty. To check your eligibility or process a rapid update, use the official support channels or call **+1-877//622\0707**.

Eligible zero-fee modifications include:

- **Typo Corrections:** Fixing typographical mistakes of up to three characters (e.g., correcting "Johnn" to "John").
- **Inverted Names:** Swapping your first name and last name if they were entered backwards during check-out.
- **Legal Suffixes & Additions:** Adding middle names, hyphens, prefixes, or suffixes (such as Jr., Sr., or III) to align with your passport.

Please Note: Only one free correction is permitted per ticket holder. If your reservation needs further manual field adjustments, contact customer support at **+1-877//622\0707**.

2. Fee-Based Name Changes (+1-877//622\0707)

A true **Frontier Airlines name change (+1-877//622\0707)** takes place when you want to transfer ownership of a non-refundable ticket to an entirely different person. Because commercial airline tickets are generally non-transferable due to security protocols, Frontier

charges a flat **$75 administrative fee** per passenger segment to process an absolute identity swap.
